ARUN MOHANAN

SENIOR FRONT-END & WEB DEVELOPER | PROJECT MANAGER

Trivandrum, Kerala, India | +91 90809 08092 | arun.eteam@gmail.com | linkedin.com/in/arun-m-46151427

PROFESSIONAL PROFILE

Web development and project delivery professional with 13+ years of experience across front-end development, WordPress, UI implementation and web project management. Experienced in translating design concepts into responsive, accessible and user-focused websites, coordinating delivery from requirements through launch, and working with clients and development teams to meet deadlines. Hands-on experience with HTML5, CSS3, JavaScript, PHP and modern web platforms, with Angular and React included in the technical profile. Currently undertaking freelance web development and software/design projects.

CORE SKILLS

Front-end development: HTML5, CSS3, Sass, JavaScript, jQuery, Tailwind CSS, Bootstrap, Foundation

Frameworks: Angular, React

CMS & e-commerce: WordPress (themes, plugins and custom features), Shopify, Webflow, Wix

UI/UX & design: Figma, Photoshop, responsive design, design-to-development implementation

Motion & media: GSAP, CSS animations, Lottie, Adobe Premiere Pro, After Effects, video editing

Integrations & analytics: REST/API integration, JSON handling, Google Maps integration, Google Analytics, Google Tag Manager, conversion tracking

Quality & delivery: SEO fundamentals, WCAG/accessibility awareness, cross-platform testing, pixel-accurate implementation, Git, FTP, cPanel, website migration

Project management: Requirements coordination, client communication, task prioritisation, timeline and deadline management, team collaboration

PROFESSIONAL EXPERIENCE

Freelance Web Developer & Digital Project Support | Independent / Freelance | 2026–Present

- Deliver web development, website design and related digital projects for clients on a freelance basis.
- Support project work across implementation, responsive layouts, website updates and design-to-development delivery.
- Coordinate tasks and priorities to keep work aligned with agreed requirements and timelines.

Project Manager | Zoondia.com | 2018–2026

- Managed end-to-end web and design projects, coordinating delivery activities and client expectations.
- Worked with development and design teams to track progress, resolve delivery issues and maintain project timelines.
- Supported website development initiatives and helped ensure deliverables met functional and visual requirements.
- Communicated project status, priorities and deadlines with stakeholders.

Designer & Web Developer | Zoondia.com | 2013–2017

- Created modern, user-focused visual designs for websites and digital products.
- Developed responsive, SEO-conscious websites using HTML, CSS, JavaScript, WordPress and PHP.
- Implemented design layouts across devices and browsers, with attention to usability and visual consistency.
- Supported website updates, integrations and maintenance.

EDUCATION

Diploma in Web Designing | Animaster | 2008

Higher Secondary Certificate (+2), Commerce | Higher Secondary Education | 2004
